

NCEPOD Study into Endometriosis

NCEPOD are developing a study that aims to explore the quality of care received by women with **endometriosis**.

We are looking for women **aged 18 and over**, to take part in our Patient Participation Groups.

What will be involved?

The initial groups will run between the **21st February – 7th March 2022**, with potential for further groups to run after this date.

You will be involved in an informal discussion with others who have had experience of endometriosis. We will use the information collected to **help develop the study and identify what to look at** in more detail. All information collected will be kept **confidential and anonymous**.

Who can get involved?

You can get involved if you are **aged 18 and over**, and have been diagnosed with, or have strongly suspected **endometriosis**.

To get involved/for more information please email:
