

# Testicular Torsion

The National Confidential Enquiry into Patient Outcome and Death (NCEPOD) is collecting information at this doctor's surgery or hospital.

We are collecting information to see how care for children and young people admitted to hospital with testicular torsion can be made better.

# About NCEPOD

We are a charity who work to make healthcare services better for the people who use them.

We do this by collecting information from people who use healthcare services or their parents or carers.

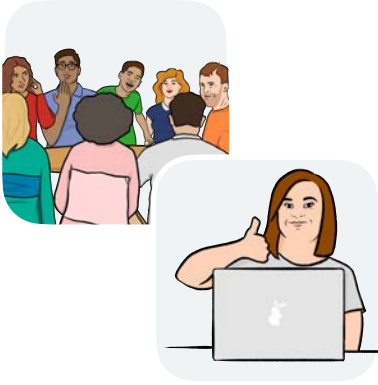

Our work has led to lots of positive changes in how healthcare is provided.

For this work we are collecting information from young people aged 2 to 24 and their parents or carers.

The information we are asking for is about experiences with healthcare services.

# How you can get involved

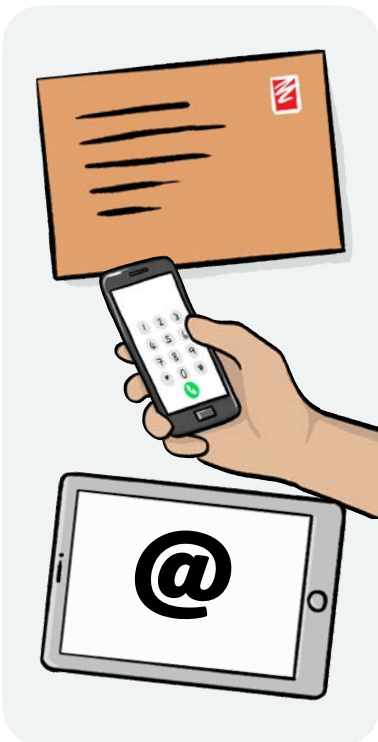

If you are aged 2 to 24 and have experienced testicular torsion or are a parent or carer of someone who has, you can:

- give us information by taking part in a group discussion.
- give us information by filling in an online survey.

Giving us information will help other patients.

To get involved and give us information please contact us by:

- post:  
Ground Floor,  
Abbey House,  
74-76 St John Street,  
London,  
EC1M 4DZ
- phone: 0207 251 9060
- email: [transition@ncepod.org.uk](mailto:transition@ncepod.org.uk)

## Under 16s

If you are under 16 and want to give us information you must ask your parent or carer if it is okay.

A parent or carer can contact us to give us information for an under 16 year old.

# Keeping your healthcare information safe

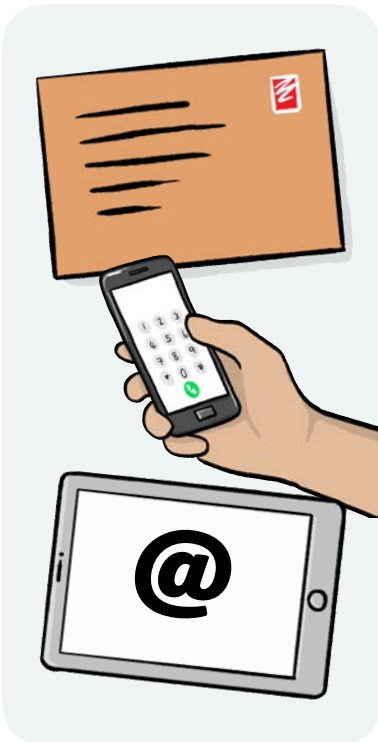

We may use some of your healthcare information in our work.

We will keep your healthcare information safe and private until we finish our work.

We will then delete your healthcare information.

If you do not want your healthcare information to be used please tell us by:
