

Transition from child to adult healthcare services

NCEPOD are currently developing a study to look at the **transition of care** from child to adult healthcare services.

We are looking for young people and parent carers to become involved with this work as **focus group participants**, participating in online and face to face focus groups (when possible) to help determine what matters to young people in the process of transition.

All travel expenses will be covered

For more information about NCEPOD please visit:
www.ncepod.org.uk

For more information about the study please contact:
transition@ncepod.org.uk

NCEPOD, Ground Floor, Abbey House, 74-76 St John Street, London. EC1M 4DZ | 020 7251 9060

NCEPOD is a Registered Charity in England and Wales:1075588 and a company limited by guarantee: 3019382
