

Will you help us improve physical health care in mental health hospitals?

NCEPOD are running a study looking at the quality of **physical health care in mental health hospitals** and we need your help!

We are looking for people (aged 18 and older) who have had an admission to a **mental health hospital** and received **physical health care** during their stay.

If this describes your experience, we would like for you to join us for an **online focus group**.

We want you to hear about your experiences and your thoughts on how things could be improved.

The focus group will be a small, friendly on-line session with other people who have had experience of physical health care whilst an inpatient in a Mental Health Hospital.

All views will be kept entirely **confidential** and **anonymous**.

To get involved email **PHMH@NCEPOD.ORG.UK**

More information can be found at:
